

## OUR VISION:

To provide vulnerable children with a safe space to sleep, eat, learn and play in order that they can develop into young adults fulfilling their potential, and to support households to allow safe reintegration of these children into their communities.

“RAISING AWARENESS OF THE PLIGHT OF VULNERABLE CHILDREN IN SOUTH SUDAN IS IMPERATIVE FOR CHANGE”

## SHORT HISTORY

CCC was founded in 2007 by Cathy Groenendijk with concerned South Sudanese friends. The centre is located next door to the Juba Anglican Cathedral, having strong links with the church. David Dixon is one of three UK Trustees, along with Kevin Bellwood and John Fenning. All three have spent time in Juba and understand the real risks these girls face – and the massive benefit of having a secure home.
